Gerber Rice Cereal, one-grain and hypoallergenic, is the only specially prepared infant rice cereal containing rice polishings . . . a rich natural source of linoleic acid and vitamin-B complex. Crystalline thiamine, riboflavin and niacinamide plus iron and calcium are added for further nutritional benefits.

The rice polishings not only improve the nutritive values but also enhance the palatability of this exceptional cereal. The exclusive Gerber formulation was developed by specialists who work solely in the interest of better infant nutrition.

Babies are our business...our only business!®
